

Great Barrier®

PREMIUM VINYL SIDING

A NATURAL FOR YOUR HABITAT

THE LOOK OF WOOD
THE VALUE OF VINYL

XLok™
TECHNOLOGY

Dutchlap

Clapboard

- ▶ **XLok®** Technology combines **JAWSLOCK®**, a Superior Full Reversed Rolled-Over Nail Hem that doubles the thickness of the panel where it's nailed to the wall, and the Norandex proprietary **NailRIGHT®** Siding Installation System, for an installation that's secure and accurate
- ▶ .046" Panel thickness with a low gloss natural cedar woodgrain pattern
- ▶ 3/4" Panel projection
- ▶ Available in two styles:
 - Double 4" Clapboard
 - Double 5" Dutchlap
- ▶ Extended 16.66" lengths available
- ▶ Matching and contrasting soffit and accessories
- ▶ Limited Lifetime Transferable Warranty with **ColorHold®** Lifetime Fade Protection
- ▶ Won't blister, crack, flake, peel or rot like wood exteriors, so you'll never have to scrape, sand or paint again, reducing time and cost spent on maintenance
- ▶ Can help increase the resale value of your home, making it a wise investment should you ever decide to sell

These are some of the benefits you'll enjoy when you decide to make **Great Barrier** Premium Vinyl Siding the choice for the life and looks of your most valuable possession.

A BARRIER BETWEEN YOUR HOME AND THE ELEMENTS

- ▶ **AGELESS BEAUTY**—Great Barrier Premium Vinyl Siding replicates the look of natural cedar, yet its superior polymer surface can withstand many of the elements that erode wood finishes over time.
- ▶ **TOUGHER-THAN-NAILS CONSTRUCTION**—Great Barrier Premium Vinyl Siding has been engineered for lasting performance and superior resistance to high winds. The unique reverse rolled-over nail hem doubles the siding thickness at the nailing surface, where the product needs it most.
- ▶ **LOW MAINTENANCE**—The low gloss natural cedar woodgrain pattern requires just an occasional rinsing with a garden hose to keep it looking like new. You'll save by never having to scrape, sand or paint ever again.

JAWSLOCK®

ONCE IT'S LOCKED, IT NEVER LETS GO!

IN WIND LOAD TESTS, THE DOUBLE THICK GREAT BARRIER HEM WAS STRONG ENOUGH TO BEND THE NAIL HEADS.

THE CURLED TEETH HOLD THE PANELS FIRMLY TOGETHER. LIKE A GREAT WHITE SHARK, ONCE THESE "JAWS" CLOSE, THEY DON'T LET GO.

COLORHOLD®
Lifetime Fade Protection

ColorHold® is a highly-durable capstock that resists fading and discoloring and is backed by a Limited Lifetime Transferable Warranty* including Lifetime Fade Protection.

*Visit www.norandex.com to view warranty details.

PREMIUM VINYL SIDING & SOFFIT
DESIGNER COLLECTION

A beautiful collection of darker, richer colors with tremendous homeowner appeal. The highly-durable capstock features **ColorHold** Technology to resist fading and discoloring, a common problem with dark colored claddings. Premium and Designer Collection colors are a real value for homeowners seeking a unique, darker finish that stands out and stands apart from others in the neighborhood.

NORANDEX
Great Barrier®
PREMIUM VINYL SIDING

ENDLESS DESIGN POSSIBILITIES

With two distinctive profiles, numerous color choices and trim & accent pieces, you can create an exterior finish that's uniquely you, and then rest easily knowing it will retain its just like new appearance for years and years to come.

Trim pieces are available to subtly contrast or perfectly match and blend-in with your siding color selection for a unified look.

Contrasting the trim to the siding can add a subtle, dimensional and appealing highlight.

Using a bold color scheme with harmonious accents, will make a home stand out and can enhance details.

GREAT BARRIER EXTENDED LENGTHS

GREAT BARRIER EXTENDED
LENGTH SIDING PANEL:
16.66'

► **EXTENDED LENGTHS**—For a virtually seamless appearance, **Great Barrier** Premium Vinyl siding is available in extended 16.66' lengths, which means up to 1/3 fewer visible seams on the entire surface of the home.

**STANDARD SIDING PANEL:
12' TO 12' 6"**

SAFE, SECURE
INSTALLATION

NailRIGHT™
SIDING INSTALLATION SYSTEM

Your professional installation crew takes every possible precaution to make sure your new siding looks and performs its best.

They use the Norandex proprietary **NailRIGHT®** Siding Installation System to help them locate and precisely nail into the framing studs. This is a very important detail because misapplied nails can cause siding to buckle, blow off in windy conditions, or be hazardous if they strike wiring or plumbing located between the studs.

NailRIGHT helps ensure an accurate and safe installation. It securely connects the siding to the wall for optimum performance. This means the beautiful siding you select will not only stand out, but will stay up, even in extreme weather conditions.

Beauty and Performance. It's the perfect siding combination to make the exterior of any home...perfect.

AVOID:

Hidden Dangers

Nails that miss their mark can be potentially hazardous to items, like wiring and plumbing, located in the cavities between studs.

Blow Off

NailRIGHT helps guide the installer to the studs for an installation that's strong, secure and resistant to blow offs.

Unnecessary Nail Usage

NailRIGHT assures the proper amount of nails are used, saving your home from unnecessary hammer hits.
